English Hub Complete English Course：Creator Campaign Guide

Things need to be Mentioned in Video

Learn English through video lessons, homework, teacher support and small-group live practice. The course has three levels, taking you from basic English to advanced communication.

Course fee Rs. 13,999. Includes all three levels, learning materials and live practice. Video course materials remain available for lifetime access.

Course levels

Level	Focus	Video lessons	Estimated duration
1	Basic English	30	40–60 days
2	Intermediate English	30	40–60 days
3	Advanced English	70	Up to 100 days

The course includes 130 video lessons. Overall completion is estimated at 4.5–7 months, depending on your pace and completion of lessons and homework. Level 3 may take longer because it has more lessons and advanced content.

How learning works

Watch a lesson, complete the homework and submit it for teacher checking. Submitting your homework unlocks the next video. Ask your teacher for help whenever you need it. After completing the required lessons and homework for a level, join one month of live practice. Repeat this process for all three levels.

What you learn and receive

Develop grammar, speaking, reading, writing, vocabulary and communication skills. Every level includes video lessons, homework, teacher checking, quiz sets, vocabulary resources, e-books and PDF materials.

Teacher support

Get help with lessons, homework, grammar, vocabulary, writing, difficult exercises and course materials. Support is available from 6:00 AM to 10:00 AM and from 6:00 PM to 10:00 PM.

Live practice after each level

Join one month of teacher-guided speaking, reading and writing practice after each completed level, for three months in total. Each class lasts one hour and has a maximum of five students. Choose a convenient time; there is no fixed morning or evening schedule.

Teacher support during video learning is separate from the live practice classes.

English Hub Campaign Rules

Create three videos that explain English Hub clearly and capture viewers' attention. Use the reference materials to understand the course, then bring your own creativity to the campaign.

1 Submit three approved videos

You must provide three videos to qualify for the leaderboard and receive the fixed reward of Rs. 600. Each video must be accepted before you post the next one. This helps us confirm that every video is about English Hub.

2 Introduce English Hub in your first video

Use the 17-minute English Hub video and the sample video we provided to prepare your introduction. Refer to this document for a clear summary of the course and to save preparation time.

3 Make your second and third videos creative

Start each video with a strong hook that grabs attention. Explain why someone would choose English Hub to learn English, and cover useful course details you could not include in the first video. Make both videos creative and informative.

4 Combine views for the leaderboard

The views from all three videos will be added together to determine your position on the public leaderboard.

5 Compete for the cash prize

English Hub will choose the winner of the Rs. 50,000 cash prize based on content delivery, editing and how clearly and effectively the videos explain English Hub. The quality-based prize is separate from the leaderboard's combined view count.

6 Keep views genuine

Fake views will lead to disqualification from the campaign leaderboard. If you notice suspicious views on the public leaderboard, contact us. We will disqualify participants immediately when fake views are confirmed.

7 Use the provided resources
